

REMARKS

We are in receipt of the Office Action mailed July 29, 2003, and the above amendment and following remarks are made in light thereof.

Claims 1-36 are pending in the application. Pursuant to the Office Action, Claims 1-30 are allowed, which Applicant gratefully acknowledges. Claims 31-36 stand rejected under 35 USC §103 as being unpatentable over Graham, Jr. et al. 2,483,634 or Dechow et al. 4,522,836.

Claims 31-36 are product by process claims. Applicant believes that the juice called for in Claims 31-36 is patentably distinct from the juice that would be obtained by either Graham, Jr. et al. or Dechow et al. and intends to present evidence showing such differences in a continuation application. As a result, Applicant is canceling Claims 31-36 from the present application, without prejudice.

Applicant believes that the application is now in condition for allowance, and an early Office Action in this regard is earnestly solicited.

Respectfully submitted,
